

Panoramic Trail

A short trail starting from the bridge at the entrance of the village of Vejce. The village of Vejce is one of the few active villages on the Shar Mountain. From the bridge where the two Dojran rivers and the Kupinica River form the Vejachka River, the trail moves to the north along the right side of the Kupinica River. After 500 metres, we cross an old concrete bridge and start to climb to the peak Dupnat Kamen. Through arable and no longer arable land, the trail goes up to the road that comes from the Village of Selce and leads to the Sheep Farms "Rokopechki Bachila". To this point, we are heading towards east, after which when we start to move along the road, the direction changes to north. After walking in this direction for 200 metres, a wide meadow appears with a private mountain house on the top side and here the trail again changes the direction towards the east and starts climbing to the saddle between the peaks Dupnat Kamen and Kuchi Baba. After climbing the saddle, towards the south, the climb begins to the peak Dupnat Kamen.
